

We, The University of Life Sciences "King Mihai I" from Timișoara

are organizing the **International Scientific Symposium dedicated to students, master's students, doctoral candidates, and young researchers titled**

"Young People and Multidisciplinary Research in Applied Life Sciences"

on November 21-22, 2024.

The event aims to create a stimulating environment for the presentation of research results, interaction, and the exchange of ideas and experiences among participants. The symposium will have the following sections:

- + Trends in European Agriculture Development (<https://www.rjas.ro/>)
- + Horticulture, Forestry and Biotechnology (<https://jhfb.ro/index.php/jhfb>)
- + Management of Sustainable Rural Development (<https://lsma.ro>)
- + Animal Breeding and Pathology Today (<https://www.usab-tm.ro/ro/revista-47-volume-de-lucrari-stiintifice-10682>)
- + Animal Science and Biotechnology (<https://www.usab-tm.ro/ro/revista-56>)
- + Food Chemistry, Engineering & Technology (<https://journal-of-agroalimentary.ro/>)

The papers presented during the symposium will be published in journals indexed in international databases. The best papers from each section will be awarded.

Full papers must be submitted on the respective section's website by **November 8, 2024**. A maximum of 5 authors is allowed per paper, with a maximum of 2 coordinating faculty members.

Fees:

Students, Master's students: 100 RON

Doctoral candidates, young researchers (up to 45 years): 150 RON

We warmly welcome you!
